Dear Sir / Madam,

I am happy to recommend the services of the STEAMLINK following the successful alterations to our thermal oil system.

Mr. Manfred Schneider and Mr. Lester Underdown oversaw the design, fabrication, installation and commissioning of a project whereby the existing thermal oil system was extensively modified.

The modifications were a complete success and were completed in the agreed time frame, during a time of scheduled factory closure at Christmas.

I have no hesitation in offering this reference due to their industry knowledge and professionalism. I am also happy to take a call – 0438 454 022.

Regards
Scott Matthews
