

# STEAM

On-site generated, in-house  
managed critical process

# ENERGY

---

# STEAM LINK®

We work with you, maximising the performance dynamics of the production / process plant, reducing the energy intake, emission, and overall operating cost, through efficient steam energy generation, effective distribution and process specific integration.

Identify	Assess	Achieve
Process	Control	Performance

- Summary of testimony, see complete testimony on [www.steamlink.com.au](http://www.steamlink.com.au)  
**I recommend STEAM LINK to any company who uses steam in its processes, as we achieved substantial energy savings, plus improved plant performance, all adding up to a reduced production cost per unit.**

Jamie Pacey, Maintenance Manager / JAMES HARDIE Australia Pty Ltd / Meeandah, Qld 4008
